

Question: What is your favourite season?

R Repeat the question.

O Give your Opinion.

P Provide Proof.

E Explain your thinking.

S Summarize your answer.

My favourite season is autumn, because it makes me feel refreshed. We get fresh start to the new school year in a new grade, meet new friends, and get new school supplies. Everything is clean and new. I like that the weather gets cooler in the autumn after a hot summer. In the spring the ground is wet and I usually have too much school work to do. There are things I like about each season, but I love autumn the most because it give me a fresh start.
